For tomorrow's call. I don't expect us to have answers to everything before hand - we should listen to NJDEP ask their questions tomorrow, answer what we can, and get back to them on what we need time to think about.

Subject: DRAFT comments

Hi Alice, I imagine on the call to discuss App C we'll first focus on Limnotech's verbal comments. But also attached for your information are our DRAFT comments. I am still waiting for one more set (sorry so late) and I also thought some of these might change/go away after the call....but just in case you wanted to review, here they are.
